

Epworth Eastern Hospital

BOX HILL, VIC | DECEMBER 2021

PLUMBER: Chadoak Plumbing

BUILDER: Icon Construction

ARCHITECT: Silver Thomas Hanley

BRITEX PROJECT MANAGER: Britex VIC

With the refurbishment of Epworth Eastern, Britex is proud to have supplied a range of stainless steel products for the new 14-story medical consultation and clinical services tower at the Box Hill hospital.

Alongside architect's Silver Thomas Hanley, builder's Icon Construction and Plumber's Chadoak, this project features our range of highly vandal resistant and hygienic stainless steel fixtures including:

- Multiple Britex Stainless Steel Custom Dirty Utility Sinks (LDUS) integrated into Custom Benching to suit client requirements. This included splash back to rear and side to accommodate tapware, support legs and shelf under.
- Multiple Britex Stainless Steel Floor Mounted Cleaner's Sinks (CSF)
- Multiple Britex Stainless Steel Surgeons Scrub Troughs (TST)
- Various Britex Stainless Steel Bench Tech items
- Britex Stainless Steel Floor Mounted Centurion Slophopper (CSH)
- Britex Stainless Steel Shelves (SHELF-S)
- Britex Stainless Steel Plaster and Clay Arrestor (OSPC)

ABOUT

The 14 story multi-faceted redevelopment of the Epworth Eastern Hospital sees the expansion of much needed health care services and facilities to Melbourne's eastern suburbs as well as hundreds of new parking spaces and a second emergency facility to Box Hill.
