

Clyde Creek Primary School

CLYDE, VIC | JANUARY 2022

PLUMBER: Transcend Plumbing

BUILDER: Hutchinson Builders

ARCHITECT: Kerstin Thompson Architects

in association with McBride Charles Ryan

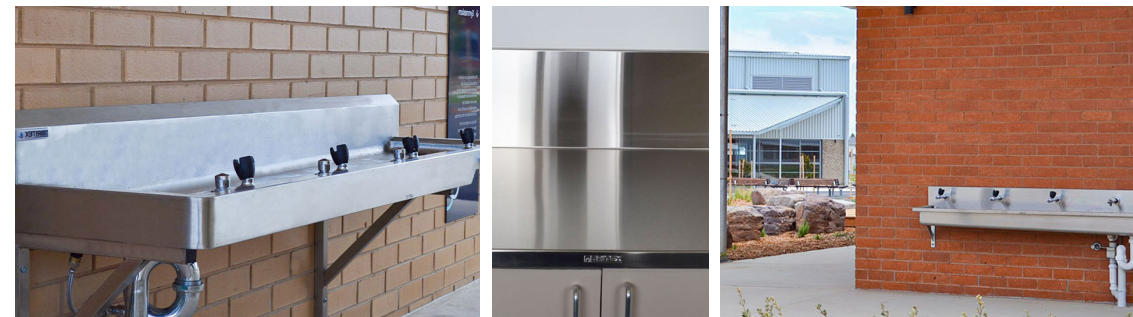

BRITEX PROJECT MANAGER: Britex VIC

Britex is proud to be involved in the new VSBA project for Clyde Creek Primary School. With state of the art learning facilities including building's for performing arts, physical education and more, the school welcomed students for the first time in Term 1 2022. This project is part of the Victoria School Building Authority's goal to build 100 new schools in Victoria.

Working in collaboration with Kerstin Thompson Architects in association with McBride Charles Ryan, Hutchinson Builders and Transcend Plumbing, Britex supplied several drinking troughs including our accessible trough fitted with bubblers and bottle fillers along with Custom Stainless Steel Benching for the canteen. The products supplied are perfectly suited for school projects for their longwear and durable properties in areas with high foot traffic.

Other Britex products for Clyde Creek Primary School include:

- Britex Stainless Steel Accessible Drinking Trough (TP6)
- Britex Stainless Steel Preplumbed Drinking Trough (TPWDPD)
- Britex Stainless Steel Custom Commercial Benching
- Britex Stainless Steel Cleaner's Sink (CSL)
- Britex Stainless Steel Flat Rim Clay & Ablution Trough (TCAL)
- Britex Stainless Steel Plaster & Clay Arrestor (OSPC)

(L-R): Top - A view of Clyde Creek Primary School, views of Britex Stainless Steel Custom Commercial Benching, Britex Stainless Steel Accessible Drinking Trough, Britex Stainless Steel Bench with Splashback and Britex Stainless Steel Preplumbed Drinking Trough.

ABOUT

The new primary school located in Clyde is open to welcome students in 2022. Clyde Creek Primary School will be introducing a Specialist School Campus due to open in 2023 for students with intellectual disabilities, to support the communities diverse needs and focus on inclusivity.
