Pneumatic In Wall Cisterns with Low Profile Buttons Standard Plate 3/4.5L and Britex S.S. Centurion Toilet Pan supplied with White Vandal Resistant Closed Front Toilet Seat.

ABOUT

Originally built back in 1974, the Kingsway Regional Sporting Complex Netball Clubrooms have received a serious facelift, thanks to a \$500,000 State Government grant from the Department of Local Government, Sports and Cultural Industries and \$2.6 million of funding from the City of Wanneroo. Since its construction, the building has seen various alterations and additions to support the ever-growing Wanneroo Districts Netball Association (WDNA), however the competition's rapid expansion has continued to demand additional space. The Kingsway Netball Changerooms Upgrade includes the refurbishment of the existing WDNA offices, hall, kitchen, toilet amenities and changing rooms. New building extensions incorporating additional space for WDNA offices as well as new changing rooms, toilets and first aid room will also be constructed.
